EDUCATION

LAGUNA STATE POLYTECHNIC UNIVERSITY - SAN PABLO CITY CAMPUS — San Pablo City

BS Information Technology — 2027

Major in Web and Mobile Application Development

Relevant Coursework: Web & Mobile Application Development, Database Systems, Software Engineering, Data structures & Algorithms, Machine Learning, UX/UI Design, Information Security

PROJECTS

QUICKYHIRE- WEB-BASED JOB PORTAL SYSTEM — 2025

- Developed a web-based job portal designed to connect job seekers with employment opportunities and streamline the recruitment process.
- Implemented job browsing, company exploration, job details, and user registration and login.

COOKMATE – AI-DRIVEN RECIPE AND MEAL PLANNING APPLICATION — 2026

- Developed an AI-driven, cross-platform recipe and meal planning application designed to simplify daily meal preparation and dietary decision-making.
- Implemented personalized recipe recommendations, automated meal planning, ingredient and grocery tracking, offline accessibility, and push notifications for meal reminders.

VIDEO EDITING & CONTENT CREATION — 2026

- Edited short-form podcast and gaming content using CapCut, emphasizing hooks, pacing, typography, B-roll, and motion graphics.
- Created visual concepts and promotional assets for vertical social content with a focus on retention and clear storytelling.

ECOBUD - AN AI-ASSISTED GAMIFIED ENVIRONMENTAL AWARENESS PLATFORM — 2026

- Developed a mobile application designed to improve solid waste management awareness among residents, promoting proper waste disposal, waste segregation, and environmentally responsible practices.
- Implemented features that support environmental education, waste classification and recognition, sustainable waste management practices, and community participation through events, gamified challenges, and points rewards.

ACTIVITIES

ASEAN DATA SCIENCE EXPLORERS ENABLEMENT — Nagcarlan

Data Science Training | Plaridel Integrated National High School | 2023
